Compliant with CE/ANSI/CSA standards

PRODUCT HIGHLIGHTS

Hydraulic Oil Free & Environment-friendly

- Zero hydraulic components used makes machine hydraulic oil free, clean operation with zero risk of hydraulic oil leak in job sites
- Zero emissions, low noise and environment-friendly, ideal for stringent working environment such as data center, dust-free workshop and hospital etc

High Efficiency

- Replacing hydraulic cylinders with electric cylinders, consumes less energy and runs for longer time, greatly improving work efficiency
- Side forklift pockets design makes it flexible and greatly improves transfer and transportation efficiency

Low Cost for Maintenance & Operation

- Universal components from E-drive slab scissors are used on this machine decreases total cost of ownership
- AC brushless drive motor and AGM maintenance free batteries come as standard
- Unique bumper rails will protect decals and paint well making machine look like new
